

"THE WORD BECAME FLESH"

INTERNATIONAL NATIVITY SCENE CONVENTION

17 - 20 SEPTEMBER 2026

GOZO MALTA

From 17 to 20 September 2026, the island of Gozo will host the First International Convention of Nativity Scenes, marking a historic moment for the Gozitan artistic and devotional community. For decades, Gozitans have actively participated in international conventions held abroad, sharing their passion and craftsmanship. Now, it is time to welcome the world to Gozo and offer, in return, the rich experience gained through years of dedication to the art of the Nativity.

This convention will serve as a meeting point for artists, enthusiasts, and scholars of Nativity scenes from around the world, fostering exchange, dialogue, and mutual inspiration. Beyond its artistic dimension, the event will immerse participants in the unique character of the Maltese islands, presenting Gozo not only as a destination of natural beauty, but as a living testament to faith, tradition, and cultural identity.

Through exhibitions, encounters, and shared experiences, the convention will highlight how faith and artistry intertwine in the creation of Nativity scenes and figures, reflecting generations of devotion and craftsmanship. This gathering promises to be both a celebration of international collaboration and a heartfelt expression of Gozo's enduring commitment to preserving and advancing the sacred art of the Nativity.

ORGANIZING TEAM

'Ghimmanu-El' Għaqda Presepisti Għajnsielem, Gozo Malta was founded in 2013 with the mission of preserving, promoting, and advancing the art of the Nativity scene while encouraging innovation rooted in tradition. Since its establishment, the association has grown into a dynamic cultural force, earning both local and international recognition for the quality of its artistic output and educational initiatives.

A defining milestone in the association's journey has been its strong international presence. **'Ghimmanu-El' Għaqda Presepisti Għajnsielem, Gozo Malta** has successfully held five prestigious international exhibitions in Turin, Bergamo, Rome, the European Parliament in Brussels, and Jerez de la Frontera in Spain, showcasing Maltese craftsmanship and creativity on an esteemed global stage. These exhibitions have played a key role in fostering cultural exchange and elevating the artistic profile of Maltese Nativity art abroad.

Equally significant is the association's commitment to education and artistic development. It was the first association to bring renowned Italian and Spanish Masters to share their expertise through specialized courses, symposia, and hands-on workshops. Through practical training, members were introduced to innovative materials and modern construction techniques, enriching traditional Nativity-making with new artistic possibilities.

Through vision, collaboration, and dedication, **'Ghimmanu-El' Għaqda Presepisti Għajnsielem, Gozo Malta** continues to shape the future of Nativity art while honoring its timeless heritage.

LOGO DESIGN

The logo brings together two central elements: the Holy Family, representing the universal message of peace and faith conveyed through the Nativity, and the silhouette of the Ghajnsielem Parish Church, a symbol of the community where the organising association, 'Ghimmanu-El' Għaqda Presepisti Ghajnsielem, is based.

This harmonious design expresses the essence of the Convention, a meeting point of spirituality, artistry, and culture, set within the unique landscape of Gozo.
